

THE WHALER

ULYSSES CLUB INC. FLEURIEU BRANCH NEWSLETTER September 2021

Presidents Chat

Hello All,

There are a few things happening these coming weeks starting with Marie's ride on Sunday. You will have noticed that the ride 'Comms' had substantial information pertaining to the ride. I encourage all ride leaders to follow suit. It does not have to be 'War and Peace', but with sufficient info to let us all know what is happening. You will notice inside this edition there are photo's of rides but no reports. Since Gary, the wordsmith of ride reporting, stood down it has become incumbent on ride leaders to knock together a few words for the Whaler editor. Again, it does not have to a thousand-word thesis, just a few thoughts about your ride.

This weekend is the 3P ride to Quorn, you have received a Comms, so check it out. Next month is the annual Odyssey, hosted by Mallee Branch and held at the Berri caravan park. Registration is online via the Adelaide Branch website. However, you must book your own accommodation. Inside you will find more information about each event.

Following up from the excellent presentation from Paramedic Chris last meeting, you will find inside a document from Triumph Riders Club named Fallen Rider Protocol. It makes interesting reading but is not a formal requirement.

The branch AGM will be held on Thursday 17th of February. Nomination forms will be available soon. New for this year will be role descriptions for each committee position. There have been some changes to the requirements of each role with tasks spread more evenly.

Cheers, Brett.

Carpe Diem

SA RV Weekender & Overnighter at MELROSE Southern Flinders Ranges

The weather Gods were smiling on us all weekend. What perfect weather and picturesque setting could it was. As an added bonus we had a branch organised ride come up to Melrose to join us. We booked out the caravan park and Hotel and had a great group at the showgrounds. Melrose was alive!

It was just the time of year to have a fabulous campfire to sit around, share and catch up with friends and members. What a fabulous atmosphere these weekenders provide to enhance friendships and make new friends.

Our peace was shattered on Saturday as all the bikes rolled into town. It sounded magnificent. Let the party begin! Everyone had a fabulous ride up through some of the most wonderful countryside. The pastures and crops were looking magnificent. We booked out the Pub for meals. They did a fabulous job with both service and quality.

Rage, rage into the night. What a fun time. Dumplings were produced by the wonderful Di at the campfire and after a few more logs on the fire we called it a night. I think, by the time we all packed up and left, we realised how great these times are. Thanks to all involved

Social Meeting Speakers

At the last monthly social meeting Chris Jenkins spoke to our members. As a very experienced paramedic and trainer, his extensive knowledge and method of presentation about the 'what to do' in the unfortunate event of a motorcycle accident was both hugely informative as well as entertaining.

Many thanks for your time, Chris.

Also thank you to Peter for organising this talk.

If anyone has an idea or someone in mind as a speaker for future meetings, please speak to a member of the committee so we can make it happen.

Fallen Rider Protocol

The fallen Rider Protocol identifies what a member can do if they come across a fallen rider.

It is important to understand that we can not expect attending members to do things that they are not comfortable with or outside their capability. In the unfortunate event of a fall or crash on a branch ride the following protocols apply.

Danger – Do not put yourself and others in danger. The charge of the site and pay attention to the fallen rider until assistance arrives. Motorcycles lying on the road can wait. The rider, others and your own safety is your focus.

Response – If injury is apparent or major traffic hazards call 000 and follow their instructions. If you are first aid trained tell the operator and apply first aid where required. Reassure the fallen rider and listen to what they are saying to you. Tell them what you are doing. Do not remove their helmet unless you have been trained to do so, or you are directed by the emergency services operator.

TEC – On arrival the Tail End Charlie assumes site responsibility until emergency services arrive. They will assign actions, traffic controls and coordinate communications with emergency services and the ride Leader. TEC and Ride Leader will have each others mobile phone numbers on all occasions. All riders should carry ICE contact details.

Recover – When the rider is in the hands of emergency services recover their property and plan what to do with their motorcycle. If this is a serious crash SAPOL will deal with the motorcycle. If this is not the case consider options that can include – store at local property, call mate with trailer, call motorcycle rescue service.

Carry On -Ensure Ride Leader is aware of what is happening so they can carry on with the ride or make changes as required.

When emergency services are not required assign a member to stay with the fallen rider until they are able to manage the situation themselves. If necessary ride home with them. Some injuries are not immediately apparent so stay with the rider until you are sure they are in safe hands. Always maintain comms with the Ride Leader.
